

## **S. M. Trading House Inc.**

### **STEEL WALL BRACKETS**

Part no: GT2416

Size: 24" x 16"

Type: L

Material: 2-1-1/2" x 1-1/2" x 9/64" (9 gauge Wall thickness) angle steel

Color: White (powder coated)

Maximum Load Capacity: 250 Lbs (even load)

Part no: GT3016

Size: 30" x 16"

Type: L

Material: 2" x 2" x 3/16" (7 gauge Wall thickness) angle steel

Color: Black (powder coated)

Maximum Load Capacity: 400 Lbs (even load)

Part no: GT3618

Size: 36" x 18"

Type: L with support bar

Material: 2" x 2" x 3/16" (7 gauge Wall thickness) angle steel

Color: Black (powder coated)

Maximum Load Capacity: 500 Lbs (even load)

Part no: GT4218

Size: 42" x 18"

Type: L with support bar

Material: 2" x 2" x 3/16" (7 gauge Wall thickness) angle steel

Color: Black (powder coated)

Maximum Load Capacity: 500 Lbs (even load)

Note: Maximum load capacity subject to strength, length and number of anchors to install the wall brackets, condition of the wall etc.
